MEET INDIA'S LEADING ROOFTOP SOLAR EPC COMPANY

# WE ARE ASUN SOLAR

We are a professionally managed company providing solar and renewable energy solutions in India. We cater to a broad spectrum of customers as a contractor and systems integrator for solar energy projects.

Leveraging our linkages with the leading manufacturers in the domain of solar energy across the world, we bring you a diverse portfolio of services ranging from Captive Solar Power farms, Off-grid and Grid-tied Solar energy systems, suited for both domestic and commercial applications.

**50 MW**  
**PROJECTS COMMISSIONED**

Proven track record across diverse verticals

# WE DO STANDOUT PROJECTS

Expert Engineering, astute procurement and timely project execution are our focus areas. We cater to requirements ranging from 10KW to multiples of 100KW's solar power systems. From rooftop installations for homes and institutions, to engineered solutions for commercial or industrial use, we create best fit project designs to suit specific requirements.

Solutions that are engineered to perform flawlessly throughout their project life, at industry leading efficiency levels.

**7+**  
**YEARS IN OPERATION**

Excellence in execution and astute project planning

# WE ARE ALWAYS A STEP AHEAD

Remote asset monitoring access for customers, centralised maintenance and complaint handling, phone app based customer interface, quick to deploy, standardised solar kits for small to medium projects, are some of the industry leading innovations that we have brought for our customers over time.

We are constantly at work to bring newer solutions across the entire project matrix from design to execution to CRM, in order to bring added value to our customers.
